All too often, we take for granted the life this country affords us. I am aware of this having heard stories from my father and grandparents about life in Europe. Last month, my wife Marti and I spent three days in Berlin as part of our 25th wedding anniversary celebration. Our first day was spent at the Topography of Terror Museum and Holocaust Memorial, with a guide on our second day.

Our guide took us to Wannsee, a beautiful area just outside Berlin where wealthy Berliners have summer homes beside a large lake—think Bratenahl and Lake Erie. The Wannsee Conference was held there in 1942—where 15 high ranking Nazi Party and German government officials gathered for 19 minutes to discuss and coordinate the implementation of what they called the “Final Solution of the Jewish Question.” Five minutes away was Track 17, which looked like a Shaker Rapid stop. Along both sides of the track were heavy metal plates that still have dates, the number of Jews and destination—the Germans kept meticulous records. In the beginning, a hundred or so were on the train, which then increased dramatically to more than one thousand. The last train left on March 27, 1945 with 18 Jews, and less than two months later, Berlin fell.

Our last day was spent at the Jewish Museum Berlin, which features a poignant visual timeline and chronology of Jewish life in Germany. To varying degrees, antisemitism and intolerance were a way of life in Germany for centuries.

In the United States, we have been fortunate enough to establish ourselves carrying forth our Jewish values to benefit our community and the communities we live in. We have established institutions that provide education and care for the elderly and infirm—many of which were created regardless of an individual’s ability to pay. These are the values that set us apart from others. Without the support of our generous donors we would not be able to offer the many life-enrichment programs to our Montefiore residents.

Please join us for a joyful afternoon of music and celebration as we honor Rabbi Joel Chazin on his 20 years of service as Montefiore chaplain and his 80th birthday.

We are happy to announce our partnership with Saint Martin de Porres High School by partaking in a work study program that allows students to experience a corporate work environment while continuing to take classes. The Corporate Work Study Program at Montefiore gives students unique opportunities enabling them to be all-around successful in their future.

The students, as well as our residents, benefit from their interaction – both enjoy bridging the gap between generations through conversations and activities. The students’ presence gives residents a boost of energy allowing them to be more active and engaged. Residents enjoy the students’ company while simply walking through the halls or riding with them in the elevators, and the students learn from the residents how precious life is and that every experience in life is a learning moment.

Through this work study program, the students also have the opportunity to gain experience in an office environment by working in administration, marketing, rehab, human resources, volunteer services, medical records and on the floors helping unit secretaries. In turn, our Montefiore staff is given the opportunity to interact with and mentor the student workers.

Montefiore recognizes the valuable difference these students and other junior volunteers make in the lives of our residents, families and staff. Students ages 12 and up (10 and under with a parent) are invited to join Montefiore’s dynamic Junior Volunteer program. Becoming a junior volunteer is simple – students may call anytime for an application and to schedule an orientation session. The Junior Volunteer program enables students to work in a variety of capacities with Montefiore residents and staff, all while earning service hours and interacting with others from a multitude of schools and communities. Students are free to personalize their own volunteer schedule according to preferences and availability.

Thank you to Sally Ziff and the Fannie and Milly Cadkin Endowment Fund of The Montefiore Foundation for supporting the Junior Volunteer program and making it such a success.

The Benefits of Volunteering

College Volunteer Day!

Ursuline students, alumni and staff spend the day with Montefiore residents conversing, playing games and singing songs.

Jeffrey Davis, continued from page 1

The only bright spot in our visit to Berlin was the number of students we saw at the many museums – hopefully being educated on the past, so their futures will be different. Please support all the good work we do at Montefiore – visit montefiorecare.org and show your generosity for our Annual Sustaining Campaign…help us ensure that our future looks bright.
Come Wrap with MVPs!

A MARXIST INTERPRETATION OF
HANUKAH: OUTRAGEOUS… OR IS IT?

Karl Marx, Russian philosopher, economist and revolutionary socialist, did not come into existence until 2,000 years after Judah the Maccabee. However, scholars have pointed out that the division of social classes had, in fact, just developed prior to the Maccabean uprising*. It was this group of farmers, scribes (the new interpreters of the Torah) and the lower and middle classes in Jerusalem that were, during this period, the backbone of the Maccabean revolt and formed the fighting force that joined Judah and his brothers.

The Hellenizers, as the upper class was called, were attracted to the wealth and fashions of Greek culture and were content to make peace with the pagan ways that accompanied it. To the horror of many, the G-D of the Jews was now Zeus Olympius (the Greek god) and this was the god now worshipped in the Holy Temple. Judah and the people staked their lives on saving Jewish traditions, and thanks to his bravery, Judah and his brothers fought and died for the ancestral faith and the Torah.

Battle after battle from Beth Horon to Emmaus to Beth Zur, all within an hour of Jerusalem, the Maccabees defeated an assortment of Syrian-Greek forces arrayed against them, which is how the festival of Hanukah originated – the Feast of Dedication declared by Judah and his followers on the twenty-fifth of Kislev, in 164 BCE.

So, what can we make of this? Class divisions did matter at that time, but it was the great majority of the population that would not surrender the Torah. We credit Judah for having the courage and charisma to unify the people who cared about Judaism and to lead them to the triumph. We will celebrate all that he did to save the Jewish traditions on Sunday evening, December 6, when we light the first candle of Hanukah.

Rabbi Joel Chazin
Happy Hanukah!

Meet THE Team

Please join us in welcoming David Granito, BSN, RN, as the Director of Nursing for the Post Hospital Care Services and Programs at Montefiore. David brings more than 18 years of experience in skilled and long-term care nursing. He served in various nurse leadership positions, most recently over the last 10 years as Associate Director of Nursing at Menorah Park. He has a strong track record of excellent quality and customer service outcomes. David is certified as both a American Association of Nurse Assessment Coordination (AANAC) and Resident Assessment Coordinator (RAC). He brings essential expertise in both pharmacy and electronic medical record management and has delivered strong results on the post-acute units in areas of patient satisfaction and reductions in re-hospitalization.

We are happy to welcome Michelle Schreiner, RN, to Montefiore as a Patient Care Coordinator of our Post-Hospital Care Center. She has 20 years of experience in nursing. Prior to coming to Montefiore, Michelle worked at Pleasant Lake Villa in Parma and University Hospitals Parma Medical Center. Michelle graduated top of her class from Hondros Nursing College and is currently working on obtaining her BSN.

Help us welcome Angela Young, LSW, who joined the Montefiore Social Services team. Angela offers more than 15 years of experience working with senior and adult populations across the healthcare continuum – from community work at the Western Reserve Area Agency on Aging’s Passport Home Care Program and Buckeye Community Health, to Long-Term and Skilled Nursing Facility Care at The McGregor Home where she served as the Director of Social Services. Angela will be working with fellow social worker Tina Ferrar and Social Services Manager Neela Chattman in the Post-Hospital Care Center.

We are pleased to welcome Julie Tackla, LSW, to the Social Services team at Montefiore. Julie brings with her more than 11 years of experience working in long-term care and skilled nursing facility settings. She is well-versed in the areas psychosocial assessments, care planning, and discharge planning. Julie will be joining us part-time as a long-term care social worker for the second floor where she will work alongside fellow social worker Sarah Axner.

We are excited to welcome Executive Chef Steve Weiss to Montefiore as the new chef of Dining Services through Morrison Community Living. Born and raised in Cleveland, Steve has been in the food service business for more than 20 years and has worked in hotels, restaurants, private clubs, and retirement communities, mainly on the Westside of the city. He also has previous experience working with seniors at The Renaissance, an assisted living community in Olmstead Falls, in the dining services department. Steve says that he is very thankful for the opportunity to be part of the Montefiore team.

AJAS President and CEO Meets with Montefiore Executive Team

Welcome Aboard, Morrison!

We are thrilled to share with you that Montefiore’s dining services has partnered with Morrison Community Living to manage the dining and hospitality service program for our campus. We want to thank Talk of the Town who has been our food service provider for their past eight years of service.

The transition to Morrison went into effect on October 8. This decision was made after careful consideration of the capabilities and offerings from several highly respected national leaders in dining service management. Morrison Community Living is a national firm with a focus in senior living and nursing home dining programs with expertise in working in kosher facilities and currently services 30 Jewish senior housing communities nationwide.

We are confident that Morrison understands the importance of our dining traditions and our goal to create a world-class kosher dining experience for our residents. Morrison’s philosophy of creating foodservice rooted in tradition, yet up-to-the-minute in choice, selection and nutrition aligns perfectly with our goals to improve the overall resident dining experience.

We became familiar with Morrison Community Living as they have overseen all aspects of dining and food service at The Weils, our senior living community in Chagrin Falls, for the past five years. They have a proven track record for high resident and family dining satisfaction. Through Morrison, The Weils has hosted events such as a cooking demo with celebrity chef Bal Arneson of the Cooking Channel.

We are excited about this partnership at Montefiore as we know you will be too. Please feel free to contact Mark Weiss, administrator and CFO, at 216.910.2640 with any questions or concerns you may have.

#GivingTuesday

Thanksgiving is seen as a day for giving thanks whereas Black Friday and Cyber Monday are days that offer great sales and deals. #GivingTuesday combines those days and gives you an opportunity to give back, with a global day dedicated to coming together for one common purpose: to celebrate generosity and to give. #GivingTuesday is a simple idea of helping families, communities, companies and organizations come together to give and encourage others to do the same. Let others know how easy and important it is by sharing how you are giving. Join us by using the hashtag and be a part of a global celebration of a new tradition of generosity.

Annual Sustaining Campaign – Your Generosity Makes the Loving Difference

It has been our privilege of providing innovative and loving care at Montefiore, The Weils and in the community for 134 years. Despite the mounting fiscal challenges, Montefiore and The Weils continue to touch thousands of lives annually, on our campuses and in homes throughout the community. These essential services we provide each day, give families and friends the peace of mind that their loved one is in caring, capable hands.

Your generosity makes Montefiore and The Weils a better place to live, work, visit and volunteer. Loving gifts ensure that each resident receives the best in care and services, regardless of their financial ability. Please consider supporting our annual campaign – you make the difference for our residents and the whole community!

Home Smart In-Home Memory Technology Program

We are excited to share that the Mt. Sinai Health Care Foundation board of directors has approved our request of $100,000 for “Home-Smart – In Home Memory Technology Integration Project.” This program will use smart, adaptive technologies within our In-Home Memory Care Program participant homes.

In the coming months, we look forward to using these funds to integrate cutting edge technologies into our recently launched community-based memory program. We are grateful to the Mt. Sinai Health Care Foundation for their support of this important community resource.

The Home Run Hits a Grand Slam!

We are grateful for the more than 300 runners and walkers that came out despite the drizzle of rain to support The Montefiore Foundation! Together as a community, The Home Run raised more than $55,000 that will enable Montefiore to distinguish ourselves by providing the exemplary care residents, patients and families have come to depend on every day, regardless of ability to pay.

Congratulations to our top overall winners Brian Frantz and Yocheved Wylen!
