Our Volunteers Make a World of Difference!

We are forever grateful that volunteers at Montefiore and The Weils generously donate their time and talents to enhance our residents’ lives. In fact, they gave more than 10,000 hours this past year alone! Our dedicated volunteers played games, transported to activities, led programs, provided friendly visits, assisted in The Shoppe or Posh Nosh Café, and offered compassion as a hospice or a hand massage volunteer and much more! In monetary terms, our volunteers contributed more than $250,000 of time!

To show our gratitude for such commitment, our volunteers were honored during National Volunteer Appreciation Week at our annual Volunteer Recognition Dinner, including a delicious meal from Café 56 and Kantina. The evening culminated in the awards presentation for Volunteers of the Year and Staff Appreciation Awards.

Judy Willensky presented this year’s Klein Bernstein Volunteer of the Year Award to long-time volunteer, Muriel Salovon. Muriel has enhanced the Montefiore library and established it as a satellite branch of the Beachwood Library. In addition, she has generated a variety of programs that residents have enjoyed such as a book club, opera club, mobile book cart and a koffee klatch, along with always making sure our library is stocked with wonderful reading and listening materials.

Elaine Maier was honored as The Weils Volunteer of the Year. While being a family member of a resident and as a retired art teacher, Elaine has chosen to share her many talents by leading an art class for her mother and the residents. The creative artwork that these seniors have fashioned is displayed in The Weils art room.

Since our volunteers work so closely with the employees of Montefiore and The Weils, we present a Staff Appreciation Award to acknowledge employees who create a warm and helpful environment to our volunteers. These honored, nominated by the volunteers, included Montefiore Life Enrichment Manager Iuliia Marshall and The Weils concierge Mary Artino. Both understand how important it is to be a team player and offer direction and support to our volunteers.

Congratulations to all of this year’s award winners! These volunteers are wonderful examples of the dedicated people who give their time to Montefiore and The Weils.

Please contact me at 216.910.2741 or dweiner@montefiorecare.org to learn more about all the wonderful volunteer opportunities we have on both our campuses. I look forward to hearing from you and perhaps honoring you at next year’s dinner!

The healthcare landscape is changing rapidly. The system is attempting to move from fee-for-service to ‘value-based’ payment models. Montefiore and The Weils are working hard to position ourselves for success in this rapidly evolving environment.

At a federal level, Medicare is completely changing how they pay for patients who need short-term rehabilitation. In October 2019, the reimbursement system will be moving to a new structure called the Patient Driven Payment Model (PDPM). This new model focuses more on the medical conditions of patients and caring for their holistic needs, rather than simply counting how much therapy a patient receives.

Montefiore is well positioned to succeed under this new model. Our expert team of nurses, social workers, therapists, dieticians and other professionals has always been focused on the patient as a whole. Being part of both the Cleveland Clinic Connected Care program and University Hospitals Partners in Lifelong Health program, gives us access to doctors and nurse practitioners from the health systems that are on-site and available to assess changing patient needs.

Lastly, the new PDPM reimbursement model will reward providers who can quickly return patients home with functional recovery. While some rehab providers take over thirty days to rehab their patients, Montefiore’s average stay is less than three weeks. This is good for patients and will be rewarded under the new system.

At the state level, the environment is less certain. Ohio’s Medicaid program – the largest single funder to Montefiore (and all nursing homes) – is projecting a zero percent increase in reimbursements for providers in their upcoming biennial budget. This is unacceptable in a time where we need to increase wages for our dedicated and hard-working employees as well as dealing with other costs which continue to rise.

Montefiore management and our board have been involved in important lobbying activities in Columbus and D.C. to combat this policy and we will continue to be active on this level.

As always, Montefiore works to position ourselves to be successful in an ever-changing world. There are clear risks, but I am confident that our values – innovation, excellence and teamwork – will continue to guide us to be innovative and creative to provide solutions and continue to achieve our mission.

**Vinney Hospice of Montefiore Achieves Accreditation with ACHC**

Vinney Hospice of Montefiore proudly announces its approval of accreditation status by the Accreditation Commission for Health Care (ACHC) for its community based hospice services, hospices services on its campuses – Montefiore in Beachwood including Maltz Hospice House, its inpatient hospice residence located on the Montefiore campus and The Weils senior living campus in Chagrin Falls.

Achieving accreditation is a process where healthcare organizations demonstrate compliance with national standards. Accreditation by ACHC reflects an organization’s dedication and commitment to meeting standards that facilitate a higher level of performance and patient care.

“We are thrilled Vinney Hospice of Montefiore received this important accreditation. It is a true testament to the hard work, dedication and commitment we see on a daily basis from our entire hospice team throughout the community and on our campuses,” said Montefiore President and CEO Seth Vilensky.

Vinney Hospice of Montefiore’s team, led by board-certified Hospice Medical Director Dr. Barbara Messinger-Rapport, is dedicated to providing exceptional levels of physical, emotional and spiritual support to families and loved one facing end-of-life. Additionally, integrative therapies – art, music, massage and Reiki treatments – are also available to help patients and families through this journey.

**MESSAGE FROM RABBI AKIVA FEINSTIEN**

**DIRECTOR OF SPIRITUAL CARE**

In the month of June we celebrate the holiday of Shavuot, which is known as the day of the receiving of the Torah and it is a day in which we rejoice in the sweet heritage that comes from a beautiful tradition of teachings that has gone from father to son, mother to daughter, rabbi to student, every generation ever since then. The special foods of the day are dairy and sweets that highlight the incredible sweetness, richness, and just goodness of our Torah tradition.

It is notable that in the Torah, the festival of Shavuot has no independent date of its own, unlike any other festival, since no month or day is specified in the Torah as the time of its celebration, but only that it is the “Fiftieth Day” of the counting of the Omer; the counting which we begin on the second day of Pesach, on the day after the liberation from Egyptian slavery.

In this way the Torah emphasizes that the festival of Shavuot is the goal of the festival of Pesach/Passover; that the Season of the Giving of Our Torah is the culmination of the Season of Our Freedom. This means that the true and complete exercise of freedom, is not found in just doing what we want, but rather in that realizing that freedom is a spiritual place, a way of being that comes from living an inspired Torah life in which we choose that which will expand our spirit and stay away from that which will not. As such, the Torah is the way to maintain this freedom as it guides our choices to best maximize the power of our souls to be free.

Every day in Montefiore, our residents struggle with health and illness that keeps them from doing all that they want to do physically, but our goal is that this does not weigh them down, and instead by enriching their souls with spirituality and a good quality of life, they can live on the higher plane of being free from the weights of our bodies.

So as we celebrate the special role of the Torah, let us pray that all of us can connect to its inspiration and connection, and can use this to an even more elevated and more free form of ourselves.

**SHAVUOT**

**EREV SHAVUOT SATURDAY, JUNE 8**
**MONDAY, JUNE 10**

Shavuot is one of the major Jewish holidays which takes place seven weeks after Passover. It celebrates the giving of the Torah on Mount Sinai and the legacy of the People of the Book.

We will celebrate the holiday with a special **Friday night Oneg Shabbat on June 7**. The holiday begins on Saturday, June 8 and on **Sunday, June 9 at 10:30 am** we will observe the holiday with a service where we will read and bless the Torah together and start studying anew.

**TISHA B’AV**

**Day on the Jewish calendar, on which we fast, deprive ourselves and pray. It is the culmination of the Three Weeks, a period of time during which we mark the destruction of the Holy Temple in Jerusalem. It is a time for reflecting on the sadness in our lives and what we can learn from it.**

Tisha B’Av, the 9th day of the month of Av (August 10-11, 2019), is the saddest day on the Jewish calendar, on which we fast, deprive ourselves and pray. Message from Debbie Rothschild
Director of The Montefiore Foundation

TREMENDOUS GRATITUDE

I have often said that I write “thank you” notes for a living. As the director of the Montefiore Foundation, I say thank you to hundreds and hundreds of people each year for their generous support. It may be a tribute gift was sent in honor or memory of a loved one. It may be an annual campaign gift that a donor gives each and every year because they believe in what we do. It may be a gift in support of a special purpose fund because they want to be a part of providing those “extras” for our residents and patients. Or perhaps the gift is in response to one of our events they want to support or attend. All of these ways of giving mean a great deal to us and the thank you's are certainly sincere.

I want to express my gratitude for a very different type of giving. Montefiore actually has four boards of directors: our home board, our Foundation board our Housing board and our Associate board. Each of these board members gives of their time and talent as well as their treasure. Our board members sometimes attend multiple meetings within the same week. They share their thoughtfulness and insights. They help guide us to make the very best decisions possible, both small and large.

Their dedication and commitment to this organization goes far beyond their financial support. We could not do what we do or be who we are without their meaningful work.

On a personal level, I am grateful to work with our lay leaders who provide tremendous inspiration for me to do the best work I possibly can. I don't know how many people can go to work and feel this kind of inspiration. So, THANK YOU to each of our incredibly dedicated board members who give so generously in a multitude of ways. You fill my heart.

With tremendous gratitude,
Debbie

Montefiore is offering a new program to family members of recently deceased Jewish residents, Montefiore’s Memorial Program. To help elevate the neshama (soul) of the departed, linking them to the living, Kaddish (“Mourner’s Prayer”) will be recited for your loved one daily for 11 months, after which it will be recited annually on the Yahrzeit (anniversary of passing) and during Yizkor. A yearly reminder of the upcoming Yahrzeit will be mailed accordingly.

The Kaddish is a deeply meaningful prayer that expresses and reflects the values of the Jewish people. Mourners are obligated to recite the Mourner’s Kaddish during the three daily prayer services. This continues for the first eleven months. Kaddish is then said on each Yahrzeit.

The Kaddish is in essence a prayer of praise for G-d. The title “Kaddish” is translated as “holy” and its recitation brings holiness to G-d’s name and to all those who respond “Amen” while it is being recited.

Although many of us wish to say Kaddish for our loved ones, we may find it too difficult, time consuming or not possible to say it accordingly. But because the Jewish people are one people with one soul, when needed, one Jew may say Kaddish on behalf of another. A suggested donation to Montefiore would be appreciated, and we will make it our mission to help you fulfill this mitzvah, while still sanctifying your loved one’s soul.

For more information, please contact Rabbi Akiva Feinstein at 216.910.2794 or afeinstein@montefiorecare.org.

Donations to Montefiore are welcome.
